### Report of the Industry Visit to MPHASIS, Mangaluru held on 04/10/2017

An Industry Visit was conducted by CSE and ISE department to **MPHASIS, mangaluru** campus on 04/10/2017 from 10am to 1:30pm for all the students of 3rd semester CSE and ISE branches.

51 students both from CS & IS branches and 4 faculties visited the company to interact with the software industry professionals to understand current market scenario, latest trends in technologies etc.

**Mr. Ben Subbarao** who heads the HR Business process at MPHASIS was the main resource person. This was a 3 hour session which included six resource persons to facilitate each session. Each session was for a duration of 45 minutes.

The details of the resource persons who facilitated the session are as below:

- **Mr. Prasanth** - .NET & Microsoft Certified Trainer
- **Mr. Arnab Gosh** - Chief Risk Officer
- **Mr. Pavan & Mr. Ramanand** - Training Managers
- **Ms. Sherry** - Lead recruiter.
- **Mr. Ben Subbarao** - Head of Training and Recruitment.

The Session started with Mr. Ben Subbarao, the recruitment lead of MPHASIS, who conducted a very informative session for the students. He motivated the students to select their domain and area of interest. He also guided the students to upgrade their knowledge in areas like web development, mobile application development, IoT, Big Data, Cloud Computing etc. and its importance in the current software market. A brief introduction of MPHASIS, its services and products, their clientele was shared with the students.

Mr. Pavan & Mr. Ramanand who are the Training Manager at Mphasis, discussed the learning and development needs of GEN-X IT professionals and tenured resources. Ms. Sherry

discussed the various risk involved in IT, various phases from project proposal to project delivery.

Company motivated the students by giving token of appreciation to students who answered well and interacted positively. As students of Information Technology, they understood live Software applications and importance of technology selection, etc. The students got to see the DATA CENTER where all the data is stored, due to security protocols the students were not allowed inside.

The session was concluded with Question - Answer session. Students asked a variety of questions to the Training Managers on current trending technologies, market scenarios etc. and they cleared all the doubt and myths which were in student's mind about the technologies and IT sector. The visit came to an end with students taking a guided tour around the company campus.
