

INTERNAL QUALITY ASSURANCE CELL (IQAC) POLICY

The IQAC is an important component in sustaining and improving the quality of teaching, learning, research, and outreach services relevant to the institution's vision and mission, which ultimately meet the demands of society and the nation.

A J Institute of Engineering and Technology established the Internal Quality Assurance Cell (IQAC) in 2018. IQAC plays an important role in the college's academic, research, extracurricular, and administrative components, with the sole purpose of improving quality. The IQAC is crucial in aiding management and the Principal with decision-making and quality improvement measures. The IQAC's primary mission is to provide a system for intentional, persistent, and catalytic improvement in the institution's overall performance.

OBJECTIVES AND FUNCTIONS OF THE IQAC

- The fundamental goal of an IQAC is to ensure and improve the quality of academic and administrative operations inside the institution.
- IQAC strives to develop a culture of continual improvement throughout all parts of the institution, including teaching, research, infrastructure, and support services.
- The IQAC tracks and shares trends in higher education, focusing on AICTE/UGC and NBA(National Board of Accreditation)/NAAC(National Assessment and Accreditation Council) recommendations, which are regularly updated. The Annual Quality Assurance Report (AQAR) is prepared and submitted in accordance with the rules and parameters established by accrediting bodies such as the NBA or the NAAC.
- IQAC helps to establish and implement the institutional quality enhancement plan by identifying areas for improvement and devising solutions to address them.
- Internal and external benchmarking activities are conducted to find best practices in higher education and adopt them inside the institution.
- IQAC promotes the development of a Student-Centric environment in the higher educational institution by employing a variety of innovative and participatory teaching and learning techniques, making significant progress in improving the college's ICT and IT facilities, and energising the college's various academic, research, skill enhancement activities and administrative functions.
- Organising workshops, seminars, and training programmes to help faculty members develop professionally and improve the quality of their teaching and research.
- Monitoring student complaints and creating efficient resolution processes. Also, assuring the availability of support services to improve students' general well-being.
