DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

A crisp presentation was made regarding the vision of soft touch, the company's branches, and the overall number of employees across all branches. The HR team, led by Mr. Suresh, provided a detailed explanation of the company's work process as well as the skill sets that are required of new hires in order to fill positions for tech support and development. Additionally, he spoke with students and answered many of their questions about the IT industry. Furthermore, the student received information on job openings for the next academic year. Ultimately, each batch of students were taken to a different department to explain the workings of the particular department.

Objectives: The program Industrial visit to Soft touch Campus Mangalore enables students/ faculty to :

1. Understand the basic functioning of the training in general in an IT industry.
2. Provides an insight into the real working environment.
3. To gain information regarding how various departments collaborate and work.

Outcomes: On successful completion of industrial visit students should able to:

1. Explain the basic functioning of the training in an IT industry.
2. Able to provide an insight into the real working environment.
3. Able to explain how various departments collaborate and work together.
