Respected Sir,

Subject: Conduction of 2-Day workshop for Automotive Club Students

As per the earlier discussion, it has been tentatively decided to conduct a 2-Day workshop on Design and building of Electric and Go-Karting car for automotive club students on 21st and 22nd of August 2022. Industry experts from ISIE-INDIA will provide the training and they are charging Rs. 35000/- including travelling and remuneration to the experts. The Club students are bearing Rs. 25000/-. I sincerely request you to support the activity by bearing the remaining amount of Rs.10000/- and provide accommodation and food facility to the experts. Please consider my request and gratify.

Yours Sincerely

Dr. Sunil Kumar S

Date: 02nd August 2022

To

Dr. Sunil Kumar
Assistant Professor,
AJIET, Mangaluru.

Dear Sir,
Greetings from ISIEINDIA!!

On behalf of Imperial Society of Innovative Engineers (ISIE, An ISO 9001:2008 & Associate Member of FMSCI, National Youth Award Winner by Ministry of Youth Affairs, Recommended by Ministry of New and Renewable Energy & Endorsed by NITI Aayog, Govt. of India), we would like to extend a warm welcome for expressing interest in **On-Campus Training Program on Go-Kart** for your students which is scheduled on **20th and 21st August 2022.**

We have indigenous developed & manufactured 100% Solar Powered and Hybrid Vehicles to make our country green and clean. This initiative of Imperial Society of Innovative Engineers (ISIE) taken after a long way of research & development provided the platform to engineering students from more than 750+ Institutions across the country to build the vehicle which runs on green energy. As our initiative is supported by CII-Confederation of Indian Industry, CII provided us opportunity to exhibit solar/hybrid at GES16 and GMX 2017 held at India Expo Mart and Pragati Maidan, New Delhi respectively to show their talent in front of world's leading automobile companies. Our services are also appreciated by PMO India and ESVC (Asia's biggest Solar Vehicle Challenge) has been noted by MNRE (Solar R&D Division) for Solar Research Project.

We are the leading organization from last 8 years to promote Innovation and New Concept of Technology. In past years we organized more than 1000 + various Unique Concept Training Programs; this program is one of them to skill future generation and meets the demand of Industry for their career. We had trained more than 2.5 Lakhs + students & professionals in past years for technical, research and professional skills. We had created new job opportunities, start-ups and new concept in Green Technologies.

We are looking forward to associate with your institute for the training programs for your students.

Regards

Thank you,

Vinod K Gupta

2-Days Hands on Training Program on Go-Kart

Eligible: Mechanical / Automobile / Industrial / EEE/ ECE /ECM/ Any Interested

Program Description

The Program is designed by Technical Industrial Experts in association with ISIE India, with prime focus to impart practical exposure during this On-Campus training. This Program on will provide a dynamic academic exposure in the field of Electric Vehicles. The program imparts practical exposure through hands-on, Manufacturing of Electric Vehicle. This workshop will give you complete knowledge about various Components of Electric Vehicle like Motor, Battery, Controller, Etc.

Objective

To provide hands on & impart practical exposure through real time project based learning. To make capable enough to develop Electrical Component of the vehicle and Up-Skill themselves in Green Energy as it is the need of hours. By this training ISIEINDIA will try to get train and make them industry ready to fulfill the requirement of workforce.

Uniqueness

- Globally Valid Certificate.
- Complete Project Based Learning.
- Affordable Charges.

Outcomes

- Understand the Significance of Electrical Components.
- Terminology of Vehicle Development.
- Capable enough to develop component of Electric Bike.
- Team Spirit & Leadership.

Execution of the Program

Principal

A.J. Institute of Engineering & Technology
Mangaluru - 575 006

Schedule of the Program

Days	Topic	Duration
Day 1	Fundamental of Vehicle Design, Dynamic Calculations of systems; Braking, Steering, Power train.	5 Hours
Day 2	Chassis Design and Simulation, Layout, PVC Modeling	5 Hours

*Schedule of the program might be changed slightly.

Financial Proposal for Training

Sr. No.	No of participants	Program	Charges
1	60	2 Days Training	INR 35,000 (Including GST)

Benefits of this Skill Development Program

- Live Project based learning to build their skills for Industry Ready.
- Student will learn from experienced trainer.
- Promotions & Branding of Host Colleges/University shall be done through ISIEINDIA's robust social media platform & on various websites.
- Certificate of participation to all the participants will be provided by ISIEINDIA
- Be the Skill Development Centre for Training & Development*

Resources/Services will be provided by College/Institute

- Registration and Promotion will be done by Host College Side.
- Inaugural ceremony arrangement, schedule of the same will be decided mutually.
- Faculty Coordinator & students volunteer to provide better hospitality to make workshop successful.
- Seminar hall as per expected participation with PR System and Projector System and Proper Electricity with Fan/AC.
- Pick & Drop facility along with accommodation & food for ISIE trainers/Officials.
- Printer banner to be displayed at the seminar hall (A designed soft copy will be provided by ISIE).
- Arrangement of pipes to make a layout of Chassis (PVC Modeling)
- Students must have installed Solid works and ANSYS Software's for training.
