PROPOSAL

Subject: To conduct educational and extracurricular activities at Surathkal Government School.

The NSS Unit of AJIET, in collaboration with Surathkal Government School, proposes a 10-day program focused on visiting the school and conducting various educational and extracurricular activities. The proposed schedule is from 14-02-2020 to 24-02-2020. This initiative aims to enhance the students' learning experience, provide holistic education, and foster community engagement.

Mapping to Program Outcomes (PO's)

- The event is relevant to **PO6, PO7, PO9 & PO10**
- **PO6: The Engineer and Society:** Apply reasoning informed by contextual knowledge to assess societal, health, safety, legal, and cultural issues and the consequent responsibilities relevant to professional engineering practice.
- **PO7: Environment and Sustainability:** Understand the impact of professional engineering solutions in societal and environmental contexts, and demonstrate knowledge of and need for sustainable development.
- **PO9: Individual and Team Work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- **PO10: Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

Target Participants: Second Year ME students.

Introduction

The NSS Unit, AJIET, in collaboration with Surathkal Government School, organized a series of school activities from 14th to 24th February 2020. The objective was to engage with the school students, understand the challenges of running a school in a rural region, and conduct activities to encourage and identify student talents.

Activities Undertaken

Arrival and Welcome

Upon our arrival at Surathkal Government School, we were warmly welcomed with breakfast. We were then taken to the main hall for an interactive session with the school principal.

Interactive Session with the Principal

The principal provided a detailed overview of the school's organizational structure and shared the challenges they face in running a school in a rural region. He also delivered an inspiring talk on leadership qualities, motivating us to take on leadership roles in our communities.

Lunch with Students

After the session, we had lunch with the school students, fostering a sense of community and camaraderie.

Conducting Activities

With the principal's permission, we conducted various activities for the students in their respective classes. These activities aimed to identify and nurture the students' talents. We rewarded the outstanding performers with gifts, which brought immense joy and encouragement to the students.

Interaction with Students

We engaged in meaningful conversations with the students, learning about their interests, ambitions, and family backgrounds. This interaction provided us with valuable insights into their lives and aspirations.

Outcomes

- **Student Engagement:** The activities conducted helped in identifying and nurturing the talents of the students.
- **Motivation and Leadership:** The principal's talk on leadership qualities inspired both the students and participants.
- **Community Building:** Sharing meals and interacting with the students helped build a strong sense of community and understanding.
- **Support and Encouragement:** Rewarding the students for their talents boosted their morale and motivation.

Conclusion

The school activities at Surathkal Government School were a resounding success. The experience was enriching and memorable for all participants. It provided an opportunity to understand the challenges of rural education and contribute positively to the students' development. The collaboration with Surathkal Government School was an invaluable experience, fostering a sense of community and responsibility among the participants.
