Proposal

Subject: To organize an Entrepreneurship Development Program on “**Design Thinking Bootcamp and Student Start-up Launchpad**”.

The VTU Research and Innovation Foundation and IIC-ED Cell AJIET organizing an Entrepreneurship Development Program on “**Design Thinking Bootcamp and Student Start-up Launchpad**” on 10-02-2024 from 9.00AM- 5.00PM for the students of VTU affiliated colleges (Mangaluru Region) and AJIET students. The objective of the event is to expose students to the design process as a tool for innovation, develop students' professional skills in client management and communication and demonstrate the value of developing a local network and assist students in making lasting connections with the business community.

Mapping to Program Outcomes (PO's): The event is relevant to **PO6, PO7, PO8, PO9, PO10, PO11**

PO6: The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO7: Environment sustainability: Understand the impact of the professional engineering solutions in the societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

PO9: Individual and Team Work: Function effectively as an individual, and as a member or leader in diverse teams and in multidisciplinary settings.

PO10: Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

About the Program:

The VTU Research and Innovation Foundation and IIC-ED Cell AJIET organized a Entrepreneurship Development Program on “**Design Thinking Bootcamp and Student Start-up Launchpad**”. The students of VTU affiliated colleges (Mangaluru Region) and AJIET students participated in the event.

The program was inaugurated by Principal Dr Shantharama Rai C, Dean Academics Dr. P Mahabaleswarappa, **Mr. Santosh Ittanagi**, Head Execution and Operation – VRIF, **Ms. Ashna**, Program Associate, Selco Foundation and Mr Suyug, Founder Member, Executive Director TIE Mangaluru

- 1. Session 1: Identification of Problem Statement - Mr. Santosh Ittanagi**, Head Execution and Operation – VRIF

Principal

A.J. Institute of Engineering & Technology
Mangaluru - 575 006

The first session was on the identification **of the problem statement. Mr. Santosh Ittanagi**, students grasped the fundamentals of entrepreneurship and social entrepreneurship. They were taught how to come up with new ideas, expand on old ones, and generally boost their creative thinking abilities. This could assist students in coming up with new ideas as well as refining and expanding on old ones. Students also learned how right-brain thinkers come up with new ideas using various strategies.

2. Session 2: Establishing a team - Ms. Ashna, Program Associate, Selco Foundation
The students of various colleges were mixed up to form a group and asked to discuss problem statements. Students were able to come up with new ideas thanks to hands on training as well as novel concept.

3. Session 3: Final Presentation on Social Entrepreneurship Concepts - Mr Suyug, Founder Member, Executive Director TIE Mangaluru
Mr Suyug, Founder Member, Executive Director TIE Mangaluru in this session Students learned a range of skills encompassing social entrepreneurship, market analysis, relationship building, financial comprehension, problem-solving methods like problem-tree analysis, and human-centric approaches in lively sessions. The trainer taught these skills with engaging activities and real-life examples, creating an energetic and participative atmosphere among the students.

Objectives: The program on enable students to

- Expose students to the design process as a tool for innovation.
- Develop students' professional skills in client management and communication.
- Demonstrate the value of developing a local network and assist students in making lasting connections with the business community

Outcomes: On successful completion of program of this lecture/ technical talk/workshop the student should able to:

1. Develop a strong understanding of the Design Process
2. Learn to research and understand the unique needs of a company around specific challenges
3. Learn to develop and test innovative ideas through a rapid iteration cycle
