(Approved by AICTE, New Delhi. Affiliated to Visveswaraya Technological University, Belagavi)

Name of the event/activity	Training on logical connections: Improving problem solving abilities		
Organized by	Electronics and Communication Engineering		
Date of event/activity (DD-MM-YYYY)	15/07/2024-20/07/2024	Time	9am-4:45pm
Name of the Resource Person	Mr Nithesh & team, 10 Seconds		
Number of the student participated	58		

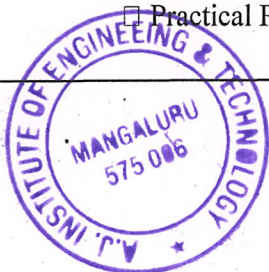

## About the Event:

The "Training on Logical Connections: Improving Problem-Solving Abilities" was a comprehensive training conducted by Mr Nithesh and team of 10 seconds, designed to enhance students' problem-solving skills through logical thinking and structured approaches. This event was organized by the Electronics and Communication Engineering Department from July 15 to July 20, 2024. It aimed to equip participants with practical techniques and frameworks to approach and resolve complex problems more effectively.

## Objectives:

- Develop Logical Frameworks: To introduce and familiarize students with various logical frameworks that aid in systematic problem analysis.
- Pattern Recognition: To enhance the ability to identify and leverage patterns and relationships in data and scenarios.
- Critical Thinking Enhancement: To cultivate critical thinking skills that support robust evaluation and reasoning.
- Analytical Skill Building: To improve skills in breaking down problems and applying logical steps for solutions.
- Application of Techniques: To provide practical tools and techniques for structured problem-solving.
- Decision-Making Improvement: To offer strategies for informed and rational decision-making.
- Practical Problem-Solving: To offer hands-on practice through exercises and real-world case studies.
