### Report:

The Department of Electronics and Communication Engineering in-association with EVSA organized a **talk on “Job Opportunities for ECE Students”** on 9<sup>th</sup> June from 2:00PM on Seminar Hall-2. The talk focused on job opportunities in the core domain of ECE like VLSI. He emphasized that an Electronics Engineer is the most sought job profile for an ECE graduate. It primarily involves designing and developing systems, components, and any other electronic source. An electronic engineer can be fitted into any stage of the development process from conceptual design to implementation. The students from 3<sup>rd</sup> and 4<sup>th</sup> year ECE, were the target audience.
