Talk “Higher studies opportunities in Abroad”

Date	23-03-2024, 10.00AM- 11.30AM
No. of participants	23
Resource Person	Ms.Ashviya Anna Lasrado & Mr.Anirudh, Study Metro Mangalore

Report:

Studying abroad offers numerous benefits, including exposure to diverse cultures, access to world-class education, and career opportunities. This report aims to provide an overview of study opportunities for International Graduate Education Resources (IGER) abroad, including popular destinations, available programs, financial considerations, and tips for successful application. Studying abroad offers invaluable opportunities for personal, academic, and professional growth. By exploring study opportunities abroad through International Graduate Education Resources (IGER), students can gain a global perspective, expand their networks, and enhance their future prospects in their chosen fields. With careful planning, financial preparation, and a strong application, aspiring international students can embark on a rewarding educational journey abroad.

Department of Mechanical Engineering has organized talk on higher studies opportunities in Abroad. The speakers Mr.Anirudh and Ms.Ashviya from Study Metro, Mangalore spoke about Overview and opportunities for post-graduation studies in foreign universities. They emphasized various channels and avenues for exploring procedures to get into these Universities. Every student actively involved and clarified their doubts.

Objectives: The program **Talk on Higher studies opportunities in abroad** enable students

1. To understand various opportunities for higher studies in foreign universities.
2. To understand the process to apply various Universities

Outcomes: On successful completion of program of this lecture/ technical talk/workshop the student should be able to:

1. Understand various venues for higher studies in foreign universities
2. Understand various process to apply various Universities
