Offer of admission

**Your application for admission for the winter semester 2023/24 to the programme Master of Science
Geodesy and Geoinformatics 1st course semester
Application number: 101510**

Dear Sourav Sudheer Kumar,

Congratulations! We are pleased to inform you that you have been accepted at the HafenCity Universität (HCU) Hamburg to study in your chosen programme.

Your application form for enrolment and the semester contribution notification are now available for download in your ahoi application account by selecting the menu item 'My Documents'.

In order to accept your place, please send a hard copy of the completed and signed application form for enrolment to the Student Service Center by mail and transfer the semester contribution to the HCU bank account not later than the deadline mentioned below. Please make sure that all requested documents mentioned on the enrolment's application form checklist are sent to us in the correct form.

The deadline for accepting the offer to study at the HCU is 18.08.2023.

Please be informed that the date of receipt is decisive for meeting the deadline, not the date of the postmark. An enrolment in person is not necessary.

Note

In the event of failing to meet the deadline, sending requested documents incomplete or not in due form to the Student Service Center as well as missing to pay the full semester contribution or transferring the respective amount not in due time to the HCU bank account results in a rejected application for enrolment in compliance with article 5 and 6 of the Enrolment Regulation (ImmaO) valid at the HCU. Thereby, the offer of admission would become invalid in accordance with article 9 of the General Admission Regulation (AZO) at the HCU.

Access to your ahoi application account:

After the successful enrolment at our university, it will not be possible anymore for you to log in to your ahoi application account. However, this account will be changed into a student account. The new login details to your ahoi account as well as for your HCU webmail account will be sent to you separately. During your studies, the university will communicate regularly with you via the ahoi student account and the HCU email account.

Orientation week:

The orientation week for first-year students will be offered one week before the official start of the lectures. Its

Principal

schedule and further information will be provided in time on the HCU website menu item 'Information for first semester'.

Start of the lecture period:

The lecture periods can be found on the HCU website by selecting the menu item 'Lecture period'.

Withdrawal of your application for admission:

Should you not be interested anymore to study at the HCU, please inform us about this decision as soon as possible. In order to do so, please fill in and sign the relevant application withdrawal form and send it to the Student Service Center by mail. The form can be downloaded on the HCU website via the menu item 'Admission and enrolment'.

Storage of this notification:

Please save this notification on your personal computer. As your application account in ahoi will be deleted after the end of the enrolment period, it will not be available anymore for download and cannot be generated again. In some cases, public authorities need this notification for different purposes like grants or child benefits.

Kind regards,
Student Service Center

Instruction on the right to appeal

You have the right to raise an objection against this decision by sending a letter to the following address within one month after receiving this notification: HafenCity Universität Hamburg, Student Service Center, Henning-Voscherau-Platz 1, 20457 Hamburg, Germany.

This is a computer-generated letter. No signature is required.
