<b>Name of the Program</b>	Technical treasure hunt
<b>Program Date</b>	18/4/2024
<b>Number of Participants</b>	49

**About the Program:** A treasure hunt is a fun and engaging activity where participants search for hidden objects or "treasures" based on clues or a map. It's a popular choice for parties, team-building exercises, educational activities, and outdoor adventures. Here's an overview of how a treasure hunt typically works and some ideas for organizing one:

On April 18, 2024, at 2:00 PM in seminar hall 3, Department of CSE of A J Institute of Engineering and Technology, Mangalore under the banner of ENIGMA, hosted the Event. The Tech Treasure Trail is a competition where teams of participants will compete against each other to solve clues, unlock puzzles, and complete challenges. The three Technical rounds were planned for students to solve the clues. The second and third Prizes were bagged by first year ICB students and first price was bagged by first year AIML students. The prizes were distributed for the students.
