<b>Name of the Program:</b>	Cooking without Fire Competition
<b>Program Date</b>	17/4/2024
<b>Number of Participants</b>	27

**About the Program:** Cooking without fire is a fun and practical way to prepare meals using ingredients that don't require heat. This type of cooking is perfect for situations where you lack access to a stove or oven, or if you're looking for quick and easy meal options. Here are some ideas and techniques for preparing delicious dishes without using heat. On April 17, 2024, at 2:00 PM, the A J Institute of Engineering and Technology, Mangalore, hosted the Cooking without fire competition for first year students of CSE with great passion and dedication. The program's goal was to create awareness about the nutritional value of food cooked without flame, the necessity and advantages of healthy eating and to encourage everyone to stay away from junk food. Evaluation is based on the taste, hygiene and presentation, unique name of the dish. Their working area is clean after the preparation is over.
