Report on "Alumni Talk - Navigating the Path: Insights from My Journey in Civil Engineering"

Name of the Program:	Alumni Talk - Navigating the Path: Insights from My Journey in Civil Engineering	Program Dates & Timings:	30/04/2022 (11.00 AM – 12:00 PM)		
Name & Details of the Resource Person:	Ms. Ashika Pai Batch 2016-20				
Organized by	Civil Engineering	In Association with	Resilience		
Number of Participants	55	Students	50	Faculty	5
Program Outcome (PO) Mapping	PO6, PO9, PO12				
Coordinators	Mr. Vinod T D' Souza				

About the Program:

The Department of Civil Engineering organized an alumni interaction talk on April 30, 2022, at 11:00 AM in Seminar Hall 1. Ms. Ashika Pai, a 2020 Civil Engineering graduate, was the guest speaker. Her inspiring talk, titled "Navigating the Path: Insights from My Journey in Civil Engineering," included anecdotes from her time as a student, detailing the excitement and challenges she faced. She shared memorable experiences, such as her first project, which ignited her passion for sustainable engineering solutions. Ms. Pai provided practical advice to the students, emphasizing the importance of networking and building professional relationships, encouraging participation in internships and extracurricular

activities to apply theoretical knowledge, and highlighting the need for lifelong learning and adaptability in the ever-evolving field of civil engineering

Objectives:

- To provide students with insights and inspiration from Ms. Ashika Pai's journey in civil engineering, sharing her experiences, challenges, and passion for sustainable solutions.
- To equip students with practical advice on networking, building professional relationships, and the benefits of internships and extracurricular activities in applying their theoretical knowledge.
- To highlight the importance of continuous learning and adaptability in the evolving field of civil engineering, preparing students for long-term success in their careers.

Outcomes:

- Students were inspired by Ms. Ashika Pai's personal journey and gained practical advice on networking, internships, and applying their theoretical knowledge.
- The talk underscored the importance of continuous learning and adaptability, preparing students for future challenges in the evolving field of civil engineering.
