About the Event

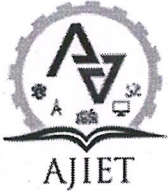

The Department of Mechanical Engineering conducted Alumni Talk by Mr. Chirag Poonja (2017-2021) on 19th January 2022 for the 4th year Mechanical Branch students. Chirag is working as HR in Groww Technology. He shared his experiences about college days and importance of subjects in Mechanical Engineering.

Mr. Chirag discussed about building of Industry contacts and also the need of individual portfolio to approach for jobs in media. He interacted with the students about the need and expectations of Industry. And also advised students to get trained in professional courses and utilize this pandemic period for earning more knowledge and update technical skills to get into the industry. The session was very informative and interactive for the students.

Objectives

- To provide 4th-year Mechanical Engineering students with insights from Mr. Chirag Poonja's career, including the practical application of college subjects in the industry.
- To illustrate the importance of building industry contacts and developing a strong personal portfolio for job opportunities.
- To discuss the current expectations and requirements of the industry, helping students understand what employers are looking for.
- To encourage students to leverage the pandemic period for professional development, including technical skill enhancement and additional training.
