About the Event:

The Department of Mechanical Engineering hosted an Alumni Talk by Mr. Chirag Poonja (2017-2021) on January 19, 2022, for the 4th-year Mechanical Engineering students. Chirag, currently working as an HR professional at Grow Technology, shared insights from his college days and emphasized the importance of various subjects in Mechanical Engineering. He discussed the value of building industry contacts and creating an individual portfolio for job applications. Additionally, Chirag interacted with students about industry expectations and advised them to pursue professional courses. He encouraged them to use the pandemic period to enhance their knowledge and update their technical skills for better industry readiness. The session was highly informative and interactive for the students.
