04.	NAME OF THE EVENT	Hands-on workshop on design of drone parts using Fusion 360
	DATE	08/06/2024
	ALUMNI RESOURCE PERSON	Mr. Abhilash A S - TAFE, Bangalore

About the Event:

The hands-on workshop on drone part design using Fusion 360 aimed to impart practical skills in CAD software for creating drone components. By engaging participants directly with Fusion 360, the workshop offered a comprehensive understanding of CAD principles and their specific applications in drone technology. Through interactive sessions, attendees learned to design and model drone parts from scratch, focusing on crucial design concepts such as precision, structural integrity, and aerodynamics. The workshop successfully engaged 42 students, equipping them with both the theoretical knowledge and practical experience needed to innovate in the field of drone design and development.
