		internship opportunities. Worked with faculty to integrate field projects and internships into the curriculum as credit-bearing components.	opportunities and increased the diversity of projects available to students. Facilitated students' participation by providing academic incentives and formal recognition for their practical work.
3	The action taken against the feedback may be informed to the concerned students/guardians.	Collected and analyzed feedback from students. Created a detailed action plan to address the issues identified in the feedback. Scheduled follow-up meetings or surveys to gather further feedback from students regarding the changes implemented.	Identified key areas of concern and specific issues raised by the feedback. Established clear steps and timelines for implementing improvements. Obtained additional insights to ensure that the issues have been fully resolved and to assess the effectiveness of the actions taken.

4.	Number of MOU's may be increased for better prospective.	Conducted a comprehensive assessment to identify potential partners, including academic institutions, industry leaders, and community organizations. Launched an outreach campaign to engage potential partners through emails, meetings, and networking events.	Created a targeted list of potential partners aligned with our institutional goals and strategic interests. Established initial contact with several prospective partners and initiated discussions on potential collaborations.
