#### Report of initial survey

#### *Prepare plan of action*

Under the UBA program all Participating Institutes are adopting a cluster of five villages in consultation with Districts Collectors. A plan of action/ village development plan (VDP) is a plan outlining the desired developments according to the inhabitants for the quality of life within the village and in the immediate surroundings. A plan of action/ VDP Identifies issues affecting the community - social, environment and economic. It's a statement about how a community sees itself developing over the next few years and what actions are needed to realize that vision.

Students are involved in conduction of initial survey of every single home from the village and collected required details as per UBA, a lot of initial survey data is required and further collection of data will be held during AY 2022-2023
