Report on “Karaoke Voice Battle” Competition

The **Radio Club** under Department of Electronics and Communication Engineering successfully organized a **Karaoke Voice Battle Competition** on **14th March 2026** at **Seminar Hall-3**. The event aimed to encourage students to showcase their creativity, confidence, spontaneity, and communication skills—essential qualities for a professional Singer.

The competition witnessed enthusiastic participation from students across various departments. Participants presented a wide range of songs from different languages. Singing karaoke allows them to express themselves freely, which builds **self-confidence and public presence**. It also helps students develop clear, confident, and creative communication skills, which are valuable for presentations, interviews, and overall personality development.

The competition witnessed enthusiastic participation from students across various departments.

A panel of judges assessed each participant and provided valuable feedback to help them improve further. The event was well coordinated by **Mr. Jithendra N.K** and **Ms. Sahana K Adyanthaya**, under the guidance of **Dr. Kiran Kumar V.G**, Head of the Department, ECE.

The Karaoke Voice battle Competition concluded with the announcement of winners and appreciation certificates for all participants. Overall, the event was a great success, offering students a platform to express themselves and enhance their communication and public-speaking skills.
