About the Program:

AutoCAD is a computer-aided design software developed by the company Autodesk (hence the name AutoCAD). It allows drawing and editing of digital 2D and 3D designs more quickly and easily. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time.

There is huge demand for the engineers who are certified with AUTOCAD software training. Hence for students of second year mechanical a certification course conducted. There were 28 students enrolled for this course. Ms. Jahnvi Senior Training Head AUTOCAD, Digi CADD Mangalore trained students considering various basic drawings and machine parts.

Valedictory function held on 09-01-2023 at 3:00pm in software lab-2 , Dr Rajesh Rai P addressed students regarding the importance of training programs for employability. Dr Vignesh Nayak Called students for certificate distribution. Ms. Jahnvi Senior Training Head AUTOCAD,Cad Centre Mangalore gave away the certificates for all trainees
