PREAMBLE

The Institute of Engineers (India) student chapter of AJIET in association with Embedded & Robotics club organized a mini project exhibition for third year students on 22-12-2021 from 9:30AM to 12:00PM.

The main objective of this exhibition was to explore the technical skills among our students and give more exposure towards technical knowledge which is very much required in building their career. The event mainly focused in developing interest among students toward new innovation and rapidly growing technology.

The inaugural of the project exhibition witnessed the presence of Dr. Shantharama Rai .C, principal, AJIET, along with the HOD, faculty and staff members of Department of ECE, AJIET. Principal in his motivational address emphasized on the importance of learning new technologies and tools for the students. For expert supervision, Mr. Prakash K Shetty, Associate Professor of ECE Department, AJIET and Mrs. Sahana K Adyanthaya, Assistant Professor of ECE department were the judges for the day.

The students exhibited /demonstrated their working models along with the poster. There were 15 teams ,with around 3 to 4 students in a team. The students explained their projects, its implementation methodology and its applications to the judges. The judges selected best three projects. The judges addressed the students and provided their valuable insights. The event motivated the first and second year students to take up the project work seriously and to bring in more innovations in the work that can be helpful to the society.

Collected the feedback from the judges regarding the conduction of the project exhibition and quality of projects. The program was concluded by giving Vote of thanks to all the participants and audience.

Participants	59
