Scheduled at	2:00pm to 4:00pm
Venue	Hardware Laboratory
Objectives	1. To learn the fundamentals of Google Suites and Photoshop 2. To gain the hands on experience on Google Suites and Photoshop.
Target Audience	3 rd Semester Information Science and Engineering
No. of students	38
Resource Person	Ms. Ashwija, Ms. Soujanya and Ms. Vinutha
Description	It is to provide hands on sessions for the participants on Google Docs, Forms, Google Sheets and Photoshop. The Google Docs is an online Word Processor to create and format documents and work with other people. The Google Forms is a free online tool from Google which allows users to create forms, surveys, and quizzes as well as to collaboratively edit and share the forms with other people. The Google Sheets is an online spreadsheet application to create and format spreadsheets and work with other people. The Photoshop is an image creation, graphic design and photo editing software developed by Adobe. The software provides many image editing features for pixel-based images, raster graphics and vector graphics.

Objectives: The objectives of Technical talk on Google Suits and Photoshop

- TO enhance Technical quality of documentation among engineers
- To enhance crucial legal, technical, and design-related knowledge.

Outcomes: On successful completion of program of this technical talk the student should able to:

1 Students achieved quality in document processing

2 Students achieved insight of designs.

Articulation Matrix:

Course Outcomes	Program Outcomes											
	1	2	3	4	5	6	7	8	9	10	11	12
1	1		1		1				1			1
2											1	
Average	1		1		1				1		1	1
