

Industrial Visit To Vinyas Innovative Technologies Pvt Ltd on 29/03/2019

The students of 3rd year ECE(23) visited Vinyas innovative technologies on 29th March 2019. The visit began with an interactive session where in they were briefed up about the history of Vinyas Innovative technologies ,their vision and Mission .

The students were then divided into two batches and taken to the different sectors of the company by Mr.Manjunath(Engineer), Mr.Darshan(Design Engineer) and their colleagues.

The students were shown how products were processed and the procedures before setting up a product into market. The students found it interesting since they had a view of how practically things are done and seemed to be very efficient
